

- Folder - Water Treatment - Nalco and NL Treating Chemicals information
- Folder - Budget - Brohm Mining Corp. Budget vs. Actual 1998, Detailed General Ledger 1998, Operating Statistics,
- Folder - HC Osborne - 7/16/1990 letter to Brohm re: stacking, moving slot, stack height, solution application rates, agglomeration, sampling, precipitates-bullion, MC plant schedule, detoxification, permanent pad, and sulfide ores information and advice. 8/9/1990 letter to Brohm re: chemicals and processes information and advice. 11/1/1991 letter to Brohm re: advice on leaching.

/ **New Box #22**

(From Original Box #33)

- Folders - Wildlife Sighting Program (WSP) for 1991, 1993, 1994, 1995 - lists of species and quantities seen
- Folder - S-7-1 - Shot/Bench 5560 maps of shot patterns and oxide and sulfide wastes, blasthole log. 1997.
- Folder - S-7-2 - maps of shot patterns, blasthole log, 1997
- Folder - S-5-1 - maps of shot patterns, sulfide wastes, blasthole log, 1997
- Folder - S-6-1 - Shot/Bench 5580 maps of shot patterns and oxide and sulfide wastes, blasthole log, 1997
- Folder - S-6-2 - Shot/Bench maps for Southeast Langley, blasthole log, oxide wastes map, 1997
- Folder - Basin Characteristics - TR-55-Appendix D-Peak Discharge (rainfall, runoff, slope, etc) 1987, water table map, topo map
- Folders - GF&P Reporting for 1988, 1989, 1990, 1991, 1994, 1995 - Letters from Brohm to Dept. of Game, Fish, and Parks regarding wildlife mortality onsite
- Folder - GF&P - correspondence regarding wildlife monitoring/mortalities dated 1989-1991
- Folders - BES-17 - 1989 sample results from Travis Laboratories; 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998 sample results from Mid-Continent Testing Laboratories
- Folders - BES-20 - 1988-1993 sample results from Travis Laboratories and Mid-Continent Testing Laboratories
- Folders - BES-16 - 1988-1996 sample results from Travis Laboratories and Mid-Continent Testing Laboratories
- Folders - BES-15 - 1988-1998 sample results from Travis Laboratories and Mid-Continent Testing Laboratories

/ **New Box #22**

(From Original Box #27)

- Folders:
 - Pad Volumes - EOM July 1996
 - Leach pad- end of June - EOM
 - May 1996 - Leach pad - EOM
 - Run of Mine - April 1996
 - Toe Cell 6 - TRM - March 1996
 - Blattner 1996 dailies

- Folders: A-04-01, A-4-2, A-04-03, A-4-4, A-4-5, A-3-2, A-3-1, Haul Road 1, Haul Road 2, Pad Extension PE-1-1, PE-1-2, PE-1-3, PE-1-4. Re: Anchor Hill Ore Control – Blast Holes. Samples submitted by Bondar-Clegg. 1996.
- Bill Valerio's reports on daily activities and production for 1996

New Box #23

(From Original Box #40)

- Correspondence between Brohm and DENR regarding the Leach Pad Expansion and the New Stormwater Pond. Technical revisions were made, discussion of permits: 404, GWD-3-88, and Mine Permit #462. Documents dated 1995.
- Laboratory results and analysis from FMG, Inc. to Brohm. Dated 1995.
- Ruby dump – site maps and data
- Sulfide stockpile, new Ruby dump, Anchor Hill reclamation, water volumes, Sunday Pit discharge rate, top soil volumes, sulfide reserves, pad off load volumes – handwritten notes 1991 -1996
- Crusher stockpile data. 1996
- Pad expansion diagrams
- 1994 memo. Re: Sulfide test heap ore crush size gold extraction
- Volume calculations. 1996. Including end of month pad volume, cell 7, run of mine ore, waste, crusher hopper stockpile.
- Handwritten notes on Steffen Robertson and Kristen, and NJS Engineering paper. 1993-1996. Re: leach pad capacity, cells 5, 6, and 7.
- Correspondence b/w NJS Engineering and Brohm. 1994. Re: cells 6 and 7.
- Transmittal letters from NJS to Brohm. 1994-95.
- Data on Ruby sulfide ore stockpile topo, ROM pile topo, onload topo, EOM survey topo points, haul road center line points, Strawberry Creek Topo, water treatment road and culvert, pond area, 1995-1996
- Cell 5 sulfide heap test. 1993. NJS to Brohm.
- Broken Sulfide Project: data, handwritten notes, cost estimate, progress report, sensitivities for broken sulfide, equipment analysis. 1994-1995.
- Handwritten notes regarding Blattner – tons, hauling and crusher amounts. 1994.
- Sulfide Stockpile Crushing Case Comparisons
- 1992 Brohm letter re: Tertiary Crushing Cost Estimate
- 1994 fax from HC Osborne and Associates to Brohm regarding meters and equipment
- Handwritten notes regarding Blattner bid
- 1994 fax from Blattner to Dakota Mining Corp regarding bid on crusher feeding
- 1996 purchase orders with Contech Construction and Ace Steel and Recycling
- 1995 invoices from Hayward Baker for drilling work
- 1995 proposal from Hayward Baker for the Sunday Pit Embankment Seepage Control
- 1995 Hayward Baker daily site reports and compaction grout reports
- 1995 fax from Blattner. Re: Ruby Gulch Dam and Ruby to Sunday Pipeline cost estimate
- Ruby Gulch Pond and Piping Project. 1995. Brohm.
- Ruby pond and pipeline – handwritten notes
